IQMS Australasia has developed a unique solution for a cost-effective, cloud-based business management platform. IQMS Australasia specialises in the design and implementation of fully customised and integrated management systems that can incorporate one, or a number of, International and Australian Standards (ISOs).

**OUR VALUE PROPOSITION – We empower organisations to more confidently grow whilst winning and delivering on greater value Tenders and Contracts.**

## PRODUCTS

- IQMS is a cloud-based management system offering an intuitive functionality and user-friendly interface
- The platform is based on a SharePoint model and is able to integrate with multiple applications
- Process automation is possible through workflows and utilisation of metadata
- IQMS provides a framework to effectively and efficiently manage the compliance needs of multiple standards, including: -
    - ISO 9001 - Quality Management System
    - ISO 14001 - Environmental Management System
    - ISO 45001 - OH&S Management System
    - AS 9100D - Aviation, Space, and Defense
    - ISO 31000 - Risk Management
    - ISO 55001 - Asset Management
    - ISO/IEC 27001 - Information Security Management System
    - ISO/IEC 17025 - Testing and Calibration Laboratories
    - ISO 50001 - Energy Management Systems
    - ISO 15189 - Medical Laboratories
    - ISO 13485 – Medical Devices
    - HACCP Food Safety
- The system is mobile-optimised, providing access to personnel across a variety of geographical locations
- Intelligent version control and document management
- IQMS offers ongoing customisation to ensure a tailored solution meets individual business needs
